As you are aware, we are counsel for the Intervenor, Pumpcrete Corporation and Aurora Concrete Pumping, in respect of the above noted matters.

In addition to the representations contained in our letter dated August 7, 2026, the Intervenor raise and may rely on the fact that each delivered notice to bargain to the Responding Party International Union of Operating Engineers, Local 793 prior to the filing of the within Application, and filed the Applications in OLRB File No. 0382-25-U and 0383-25-U respectively. Copies of associated documents on which we may rely and about which we would call evidence, if necessary, are attached.

Yours truly,

Dear Melissa,

Re: Notice to Bargain

In accordance with Article 5 of the Collective Agreement between Pumpcrete and the International Union of Operating Engineers, Local 793, as well as the *Labour Relations Act, 1995*, we hereby provide the Union with notice of our desire to bargain with a view to making a renewal Collective Agreement, except where there is an accredited or designated collective agreement in place.

For absolute clarity, Pumpcrete is not seeking to bargain amendments to:

- The Provincial Collective Agreement between the Union and Employer Bargaining Agency for work in the industrial, commercial and institutional sector of Ontario's construction industry; or
- Any collective agreement between the Union and an accredited employer's organization that is currently in existence for work in Ontario's construction industry.

Please feel free to contact the undersigned at [mark@pumpcrete.com](mailto:mark@pumpcrete.com) to discuss and arrange mutually satisfactory dates to schedule bargaining.
